LOUISIANA DELEGATION FIGHT COMPROMISED

CORTELYOU WILL RUN WITH TAFT

Vice-President Fairbanks' Activity Against Taft Delegates Makes It Impossible on Ticket; Cortelyou Boomers Ready for Work.

(BY ASSOCIATED PRESS)

WASHINGTON, June 9.—Indications are multiplying that Secretary Cortelyou will be advanced by Roosevelt and Taft to Chicago as their candidate for Vice President. Secretary Cortelyou himself naturally declined to discuss the matter of his candidacy for the very sufficient reason that his native State has already in the field a candidate for the Presidency in the person of Governor Hughes. That fact has so far operated to prevent any open exchanges between the friends of Secretary Cortelyou and Secretary Taft's managers. It can now be stated as a fact that in the opinion of his friends the time has come when Secretary Cortelyou should be placed in a position to be recognized as New York's candidate for the Vice Presidency in event of the elimination of Hughes from the Presidential race. As a necessary step to a successful campaign in that direction there has first to be ascertained the attitude that President Roosevelt and Secretary Taft would assume toward Secretary Cortelyou's candidacy.

The Secretary himself has declined to make any move in the matter but his friends have not felt restrained by that fact, and already they feel that they have received encouragement and are prepared to move in force upon the convention delegates at Chicago. Fairbanks impossible.

One reason for their confidence is ascribed to be their belief that by strenuous opposition offered by the Fairbanks contingent to the recognition of southern delegates in the battle before the committee now in progress the coupling of the names of Taft and Fairbanks or of Roosevelt and Fairbanks on the ticket has become impossible. Therefore tomorrow Secretary Cortelyou's advance guard starts for Chicago led by Secretary Taft's friends. A host of long experience in public affairs and of wide acquaintance with the various boom managers now in Chicago.

Bliss Will Help.
Cornelius Bliss, one time member of McKinley's cabinet and treasurer of the Republican campaign committee, is also said to be bound for Chicago in Secretary Cortelyou's interests. Among other political leaders expected to espouse his cause is said to be Senator Murray of Massachusetts whose support is most anxiously desired by the administration forces.

COMPROMISE REACHED

Louisiana Delegations to Be Seated, Each Being Given Half a Vote—Senator Lodge Has Lost His Proxy.

CHICAGO, June 9.—An immense amount of conferring, of telegraphing and telephoning took place during the morning and even after the national committee had commenced its session in relation to the Louisiana compromise proposition. Telegrams by the score were rained in upon such members of the Taft organizations as are supposed to be wavering, urging and demanding that they stand fast at any cost. In that message was sent to Secretary Taft and a President Roosevelt at Washington and they were in close touch ever instant with the exact situation in Chicago.

Taft's Choice.
It was agreed with the full consent and approval of both Secretary Taft

CANNON DECLARES HIMSELF IN THE RACE TO STICK

Uncle Joe Arrives in Chicago to Make the Fight

CHICAGO, June 9.—Joseph G. Cannon, Speaker of the House of Representatives, arrived in Chicago today from his home in Danville, Ill., and declared himself a candidate for President until they stop talking or elect some one else.

"Here on Business."
"I am here on business," said the Speaker. "I just ran up from Danville this morning and will return home tonight. I am not here to open headquarters—the boys are doing that for me. I don't even go down there nor will I visit any other place where the boys are mixing it."

Mr. Cannon declared that in his opinion it was not the proper thing for a candidate for the Presidency to mix in personally but he should "leave that sort of trouble for the boys."

When told of the fact that Frank Hitchcock was no longer acting as assistant secretary of the National Committee, he remarked:

"Well if he was removed, the people doing things probably know what they were doing but as to that I am not fully acquainted."

In the Race to Stick.
When asked if he was in the race to "stick" he sat upright in his chair and snapped "Stick." Why then I can't do anything else but stick. The State of Illinois is behind me and that is enough to make a man do almost anything. Stick! Well I should say so.

Mr. Cannon was cheerful as to the outlook declaring in conclusion: "The end is not yet by a long shot."

Senator Charles Dick of Ohio announcing himself as a Foraker man first last and all the time arrived here today. He will probably appear before the National Committee in the interest of the Foraker contesting delegations from the South. He declined to express any opinion as to the situation, saying that he has been in Chicago too short a time.

John Hays Hammond Opens Headquarters

CHICAGO, June 9.—The first headquarters for candidates for Vice-President were opened today at the Auditorium Annex for John Hays Hammond of New York. They were in charge of John C. Montgomery of New York.

Mr. Montgomery declared that Mr. Hammond will arrive in Chicago late this week or on Monday. A telegram was received today from J. G. Heitman, Commissioner for Alaska, saying that his proxy be continued with Arthur F. Slater.

KING EDWARD AND CZAR MEET ON BOARD YACHT

Warships Fire Salute as Rulers Exchange Greetings

REVAL, June 9.—The meeting between King Edward and Emperor Nicholas took place here today with due formality. It was the first time that an English monarch has ever made an official visit in Russian waters.

The British squadron escorting the royal yacht Victoria and Albert, with King Edward on board, entered the bay of Reval shortly after 10 o'clock.

The customary salutes were fired and after an exchange of formal visits the King and the Emperor, lunched on board the Russian yacht Polar Star as the guests of the Dowager Empress.

The day was favored by brilliant and beautiful summer weather. The

JAPS AND LABORERS ARE AT WAR IN IMPERIAL

MOB STONE CANTELOPE PICKERS

No Serious Injuries Reported as Yet—5000 Men Crowd the Southern Field and Feeling Is Growing Stronger.

IMPERIAL, Cal. June 9.—Trouble has arisen between white and Japanese cantelope pickers and the county officials are making efforts to restore order. Yesterday at El Centro a number of young men, returned a wagon loaded with Japanese laborers and the team ran away. A party of Japanese was stoned at the depot and seven arrests were made.

At Hanley a number of Japanese were taken from a wagon and this afternoon but up to this morning none of the new comers had sustained anything like serious injury.

The trouble appears to be due to the surplus of cantelope pickers. Five thousand arrived in the valley last month and they are still coming at the rate of two to three hundred a day. Considerable privation has existed but it is believed the rapidly ripening crop will provide work for all.

SAN FRANCISCO, June 9.—Japanese Consul General Chogo Koko said to the Associated Press this afternoon that his office was without information in regard to the reported trouble between whites and Japanese in Imperial Valley. Should the matter assume a serious phase, however, a protest probably would be lodged with him and he then would make a full investigation.

W. J. BARNETT,
THE BANK WRECKER.

EVIDENCE IS BLACK FOR THE BANK WRECKER

Probing Into the Methods by Which Barnett Plunged California Safe Deposit and Trust Company into Ruin.

Defense Will Try to Prove That J. Dalzell Brown Was Really the Controlling Official and Not Barnett.

(Special to The Tribune.)

SAN FRANCISCO, June 9.—That J. Dalzell Brown, former manager of the defunct California Safe Deposit and Trust Company, and not Walter J. Barnett, the vice president and legal adviser, was the controlling official in the bank's commercial transactions and was responsible for its business dealings will be the chief content of the defense in the present trial.

During the examination of James Conning, secretary of the bank this morning, Attorney Geary representing the defendant succeeded in bringing out the fact that at a meeting held in January, 1907, out of 23,043 shares represented, Brown controlled 16,778. Each share represents one vote and of those controlled by Brown 885 were his own, 650 belonged to Bradwell and 15,243 were voted by proxy.

Who Handled Securities?

It also developed that Brown, J. Dalzell Robertson and Secretary Conning were the only officers of the bank handling the securities which were kept downstairs in the safe deposit department. Conning admitted that Barnett had never, to his knowledge, gone to the deposit box to get any of these securities.

Frequent by-play between counsel during the session occurred but was quickly quelled by the action of the court.

(Special to The Tribune.)

SAN FRANCISCO, June 9.—James Conning, secretary of the California Safe Deposit and Trust Company, again took the stand at the opening of the trial of Walter J. Barnett, accused of the embezzlement of the Colton securities.

The witness was largely very direct and precise in his answers. He was asked at first regarding certain conversations held with J. Dalzell Brown in the bank with various persons, but all of this evidence was stricken out on motion of Attorney Geary.

Gave Letters to Brown.

The witness was asked to whom he gave letters addressed to the West Coast Development Company and the Noyes Land Company, and he replied that he handed them to Mr. Brown. Questioned as to whether Brown had ever shown him any letters from Barnett, he was asked to answer when Attorney Geary interposed an objection.

"The letters are the best evidence of your honor," said counsel.

"But I want to know whether he showed them to anyone else," asked Geary. "You can prove that by your friend Brown," suggested Geary.

"Don't be facetious," retorted Cook. "We are trying to proceed in a gentlemanly manner."

"I am not facetious. I am stating the facts," retorted the defendant's attorney.

Not His Friend.

"Will that be proper, Brown's so-called friend of mine," snapped the prosecution.

"I am glad to hear it," was Geary's reply, which was lost, however, in the mild rebuke of the court.

Conning stated further that Brown's private stenographer was Miss Mary

Delegates to Chicago Convention Leave Oakland Mo' Next Thursday

The California delegation to the Republican convention will leave the Oakland mole for Chicago at 10:30 o'clock next Thursday morning. The delegates will occupy two special cars attached to the Overland Limited and will be headed by General M. H. de Young, chairman of the delegation. Philip Ben-eroff of San Francisco who has been chosen secretary of the delegation, will be on the train.

Local Representatives.

Judge Henry A. Melvin of Oakland, delegate at large and George W. Reed of Oakland and G. G. Halliday of Vallejo delegates representing the third Congressional district will go with the main body of the delegation on the Thursday morning limited. Delegate Reed said today that he understood that nearly all the entire California delegation will be on this train though some may follow a day later.

"We shall take a fine tanner and other flags to decorate our headquarters, which will be in the suite called 'club room 6' of the Auditorium," said Mr. Reed. "Every possible arrangement has been made for the comfort of the delegates and we expect to have a quiet time at headquarters."

Cut Out Wines and Fruits.
"While we shall be glad to welcome visitors we have decided to cut out the wines and fruits that have been so frequently dispensed from California's headquarters at national conventions. We took this course because we thought that California is so largely on the map and its products are so well known that advertising of that sort is no longer needed."

Mr. Reed says that the badge to be worn by the California delegates will be something unique, being a facsimile of

the old \$50 slug of the fall of 49 and spring of 50.

Handsone Badge.

"I think it is the handsomest badge I ever saw," said Mr. Reed. The heavy clasp pin by which it is held bears the word California and the slug depicts a bear by two chains. The ribbon is yellow, the hue of the poppy of our State. I have an idea there will not be a finer in more characteristic badge at Chicago. The Hawaiian delegation will go on the same train with the Californians.

MEMBER OF GEN. LEE'S STAFF DEAD

Captain Egbert Martin, Well Known in Political and Army Circles, Passes Away.

BERKELEY, June 9.—Captain Egbert Martin, a well-known resident of Berkeley, and retired officer in the confederate army, died at his home, 1943 Berryman street, North Berkeley, at noon. He was sixty-seven years old and was a resident of California for seventeen years. He was a former member of the staff of General Lee and a descendant of the famous Kentucky family, his birth place being Louisville.

He came to Berkeley two years ago from San Francisco and has been active in politics until last fall when he was stricken with illness. He leaves a son, Edward J. Martin, a daughter, Miss Helen Martin, and a widow, Mrs. Helen W. Martin.

Assessment Is Now
Over \$29,000,000
Estimate

Figures of Town Assessor Increase Over Million, While Those of Dalton Decrease.

BERKELEY, June 9.—According to the figures now being tabulated in the office of Town Assessor Harry Squibbs the values of Berkeley property have been increased between \$1,000,000 and \$1,500,000 over those of last year, bringing the total assessment from \$27,812,000 over the \$29,000,000 mark. County Assessor Dalton's figures on the other hand will show a decrease of at least \$1,000,000, reducing the valuation for State and county purposes from \$29,800,000 to close to the \$28,000,000 line. Many Changes.

The town figures will show some marked increases and decreases in individual cases, due to what is considered unjust equalization formerly, but the increase has been accomplished for the most part by a sliding upward scale in certain districts. Thus the district between Dwight way and Alcatraz avenue and Adeline street and San Pablo avenue has been added to as a whole, but the business center of South Berkeley will show a slight reduction. A portion of the Claremont region, where there have been many handsome homes within twelve months has been raised, while at the other end of the cross streets, in West Berkeley, there has been a reduction.

West Berkeley as a whole is rated lower this year than last but the north end of it and the Penita Park region and adjoining property is valued higher. County Taxes Lower.

In the center of town there has been a reduction on University avenue and Addison and Center streets. Along Shattuck avenue the changes are practically nil. North Berkeley and the handsome hillside region has been increased slightly.

The Dalton reduction falls for the most part in west and northwest Berkeley, although the sliding scale has been scattered elsewhere to some extent in no region, except in individual cases, will the county valuation exceed that of last year, which was the high water mark in the history of the town and caused much grumbling.

With an increase of \$1,500,000 in the town figures there will be available for municipal income \$15,000 over the total of \$278,120 of last year while the county will get on a reduction \$148,000 less \$29,800,000 to revenue of \$438,000 paid by Berkeley last year.

COLLEGE STUDENTS GO TO SIERRA NEVADAS

BERKELEY, June 9.—Harry Jenkins, president of the senior class last term, Carl Cone, store, and Harry Schuessler, made up a party of college students that left this morning for the high Sierras, where they will spend the next month.

Jenkins' home is in Inyo county, after making the trip will probably make their way south along the eastern slope of the range to the Jenkins' ranch.

MOTHER RISKS LIFE TO SAVE BABE FROM WHEELS OF CAR

MRS. ROSE SHUBERT.

MRS. R. SHUBERT INJURED BY FALL

ALAMEDA, June 9.—Mrs. Rose Shubert, wife of A. Shubert, a tailor at 1323 Park street, sacrificed herself for the sake of her child, little Dave, in an accident last night, and was seriously injured as a result of yielding to the instinct of maternal protection.

Witnesses to the affair say it was a miracle that the mother and child were not both killed.

Mrs. Shubert was leaving a car at Park street and Santa Clara avenue about 10:30 o'clock, with her baby in her arms, when the motorist turned on the current, the car lurched forward and the woman and her child were thrown with terrific force to the street.

Mrs. Shubert, fearing that she would fall on top of the baby and crush him to death if she still clasped him close to her breast, threw her arms out above her head in a wild effort to save the baby.

The attempt succeeded as far as the baby was concerned, but the mother was frightfully hurt.

Is Severely Injured.

In holding up the baby, Mrs. Shubert lost her equilibrium and control of her body, so that when she struck the street she was in a bad position.

Her legs were mangled by the force of the fall and she sustained internal injuries.

Little Dave did not escape wholly unharmed, however, as the shock tore him from his mother's arms and he rolled into the street, striking his head on the right ear and sustaining a deep scalp wound.

Little Dave may live to thank his mother for having saved his life at the risk and possible cost of her own.

ELMHURST RESIDENTS CALL MASS MEETING

ELMHURST, June 9.—A mass meeting of the residents of this place has been called for next Thursday night at Redmen's hall. The purpose of the meeting is to discuss plans for organizing a fire department and other necessary apparatus. Ways and means will be considered as to the best methods of raising funds to secure the needed equipment.

BERKELEY BREVITIES

Red Cross Degree.—The order of the Red Cross was conferred last evening by Berkeley Commandery, Knights Templar, and on the evenings of June 16 and June 22 the Order of the Temple will be conferred. The commandery will act as an escort to the grand master of the State Masonic order at the corner stone ceremonies of the new town hall on June 27.

Death of Pioneer.—Edwin Pierce Hutchins, a "49er" and a charter member of the Society of California Pioneers died at his home, "The Fairbridge," on Sylvan way, yesterday afternoon. Hutchins came around the Horn in the spring of 1849 and was a well known miner and engineer in early days. He has resided in Berkeley for thirteen years, the greater portion of which he was a confirmed invalid. Hutchins was a native of Vermont and 82 years of age. The funeral will be held tomorrow afternoon.

Endeavorers Rally.—There was a convention rally of the Christian Endeavor Union at Stiles Hall last night, attended by delegates from the various unions in Berkeley. The devotional exercises were led by Miss Marjorie Smith. Paul Brown spoke on "The Coming Convention at Sacramento."

Sociality Tournament.—The Gentlemen's Sociality of St. Joseph's Church is arranging for a whist tournament to be given on the evening of June 17 in Masonic Temple. The officers of the society are: President, F. F. McGowan; vice-president, Frank Kennedy; secretary, Thomas Dowd; treasurer, J. Tobin; advisory committee, George Dolan, F. Franklin, John Boyle and Thomas Graham.

Opening New Car Line.—The Oakland Traction Company announces that on Thursday morning the Telegraph avenue cars will begin running, going and coming, over the new line by way of Dana street, Alameda way and Oxford to University. Meantime the rails along Shattuck avenue from Bancroft way north to University are to be re-laid, preparatory to extending the Shattuck avenue service over them.

Society Picnic.—The members of the State of Maine Association of California will hold their annual reunion at Shattuck mound Park Saturday. Among the contributors to the program will be Carolus Lundine, Roscoe Warren Lucy and W. H. Wharf.

BERKELEY ELKS PLANNING TRIP TO LAKE TAHOE SOON

Two Hundred Elks Will Journey to the Sierras.

BERKELEY, June 9.—The Berkeley Elks are planning to make a trip to Lake Tahoe on June 9 to assist in the ceremonies attending the season opening of Tahoe Tavern. The lodge during its sojourn in the Sierras, will repeat the minstrel show given last Friday night for the benefit of the firemen in the theater attached to the Tahoe Tavern. The railway will give a special low rate for the round trip. Those who take part in the minstrel show (about twenty-five) will be allowed the profits as rebate on their fare. The lodge held a special meeting last night and about 200 members indicated their willingness to make the trip.

EMBEZZLEMENT CHARGE FILED AGAINST ARRAVE

BERKELEY, June 9.—Daniel H. Coleman, a recent arrival from Sacramento, was arrested last evening on a warrant from that city, charging him with embezzlement, but was freed this morning. Coleman was recently identified with a partnership in Sacramento, which evidenced small profits, so small that Coleman says he was obliged to devote them to the purchase of food and lodging. Since he came to Berkeley he has been managing a small delicatessen store at 2235 Ellsworth street and the police say he has made arrangements to refund the amount in dispute with his Sacramento accuser, about \$26.

OLD MAN HAS NARROW ESCAPE FROM DEATH

ALAMEDA, June 9.—Hugo Urban, seventy years old, fell as he was stepping from a local train at Pacific avenue and Bay street last night, and was dragged for nearly a block, being saved from death by George Ohme.

Urban lives at 1555 Pacific avenue. He was returning from San Francisco. When he was caught under the cars he was unable to extricate himself. Ohme saw the old man fall and by sheer strength pulled him from under the car platform. Urban was badly bruised, but otherwise uninjured.

DEAF AND BLIND HOLD CLOSING EXERCISES

Interesting Program Arranged by Unfortunates; Eight Students Graduate.

BERKELEY, June 9.—Eight students were presented with diplomas and seven with certificates of honorary dismissal at the commencement exercises of the Institute for the Deaf and Blind this afternoon. The graduates are Maud Hilton, Elmer Stover, Walter Scurluck, Andrew C. Svensen, Mabel Ida Luddy, Genevieve Sink, Giuseppe G. Gabrielli and Henry Frank. Those obtaining honorary dismissal were Frederick Breuer, Charles Bonanz, George Davis, Remilda Dehondt, Algie May Golden, George Hummers and Irene Millar.

The address to the graduates was delivered by the Rev. George C. Eldridge, pastor of St. John's Presbyterian Church, and the formal presentation of diplomas and certificates by Dr. Warrick Wilkinson, the superintendent of the institute. The valedictory address was made by Miss Maud Hilton, who has been one of the most prominent pupils in the institute and a leader in many activities. Miss Hilton was a member of the debating team for the year closing, and took part in the contest with Stanford. Miss Hilton is also one of the associate editors of the new magazine, "The Stylus," started by the students the past month.

The salutatory address was made by Miss Mabel Luddy. The exercises were marked with an excellent musical program. Following the invocation by the Rev. H. H. Willey, D. D., the pupils of the primary class of the blind department presented in chorus Abt's "Swing Song" and "The Foundman" by Charles

Delivers Valedictory.

The exercises closed with the "Soldiers' Chorus" from "Faust," and rendering of the Lord's Prayer in a manner by Miss Genevieve Sink.

There was a large audience present, including the majority of the directors of the institute and a number of prominent educators and social workers.

CAMP MEETING AT MELROSE STATION

Seventh Day Adventists Conduct Interesting Services That Are Attended by Many.

MELROSE, June 9.—Unusual interest is manifested in the camp meetings of the Seventh Day Adventists now being held at Melrose, opposite the Southern Pacific depot.

The tent city is the scene of large religious meetings, with auxiliary conferences touching all phases of the sect's work on the Pacific coast.

Sessions for religious instruction and divine worship fill the day and evening. Elder S. N. Haskell, head of the California Nevada conference, is leading the meetings. Mrs. Augusta C. Bainbridge is in charge of the temperance meetings. Mrs. S. N. Haskell presides over the missionary meetings, and Elder H. Schultz, the "farmer evangelist," conducts special meetings. Professor E. A. Sutherland of Tennessee presents a message from the Southern States.

The meetings will continue until the 14th inst. The camp telephone is Meritt 539.

Mrs. B. L. Bowen, of Wayne, W. Va., writes: "I was suffering from kidney disease, so that at times I could not get out of bed, and when I did I could not walk straight. I took Foley's Kidney Remedy. False Pretenses of Dental Quacks.

Every man arrested for practicing dentistry in violation of the law complains of being persecuted and charges the agents of the State Board of Dental Examiners with improper motives and practices. Both the law and the Board of Examiners are assailed as unjust and a wicked interference with the rights of citizens.

No one should be deceived by this sort of clamor. If the irregular practitioners were competent to practice the profession of dentistry they would undergo the necessary examination and take out a license as the law directs. By doing so they would prove to the world that they were fully qualified and officially approved, and be free from arrest, expense and annoyance. The annual license fee is small—a mere trifle. That they prefer arrest, the harassment and unpleasant notoriety of police court trials and the expense of hiring lawyers is proof that they cannot pass an examination and are not properly qualified to do the work they are engaged in and for which they exact fees from patients. The cry of persecution is a fraud and a pretense. It masks a plea to be permitted to impose on the public and get money under false representations.

The law requiring dental surgeons to undergo an official examination touching their competency, take out a license and be registered was enacted to protect the public from imposition and charlatanism. It is a wise law. Quacks not only get money under false pretenses but they frequently do their patients permanent injury. They fill teeth improperly and often cause untold agony. As a result of their ignorant manipulation surgical operations are sometimes necessary.

No sensible person would want his house built by men destitute of proper mechanical knowledge and training. Why, then, should people allow quacks and impostors to treat their teeth, a service requiring skill, knowledge and high technical training? A badly constructed house does not inflict pain, and it can be torn down and rebuilt. But ruined teeth can never be replaced. Once destroyed or permitted to ruin as the result of ignorant treatment the consequence is lifelong inconvenience if not misery. The dental laws were passed to protect people from injury, suffering and financial imposition. They provide that no person shall be permitted to practice dentistry without proving himself qualified and taking out an official certificate of his competency. When a dentist fails to fulfill the requirements of the law he confesses his inability to pass the prescribed examination and also admits his ignorance and inferiority. His howl about persecution is the humbug of a charlatan, the last resort of a trickster.

Senator Fulton's Proposition.

Speaking of the result of the Oregon election, Senator Fulton says he does not believe a Republican Legislature will send a Democrat to the United States Senate. In Kentucky a Democratic Legislature elected a Republican Senator. However, it is difficult to see how the Oregon Legislature can evade electing Governor Chamberlain. A clear majority of the electors in an unusually large vote designated him as their choice for Senator, and a large majority of the legislators-elect pledged themselves in writing prior to the election to vote for the candidate receiving the highest number of votes irrespective of party. While the law does not make the pledge binding, political decency and morality do.

While every true Republican must regret the action of the Oregon electorate, there seems no honorable way of reversing it. It is absurd, of course, that an overwhelmingly Republican constituency should elect Republicans to the Lower House of Congress and then vote to elect a Democratic Senator, but the right to do such contradictory things cannot be questioned. The law of Oregon permits each individual voter to designate his choice for Senator, and candidates for the Legislature who pledge themselves to abide by that choice are in honor bound to do so.

Both the Oregonian and the Telegram, the leading Republican newspaper of Oregon, regard Chamberlain's election as inevitable. They take the position that every legislator who subscribed to Statement No. 1 is under the strongest of moral obligations to fulfill the pledge it embodies. It appears that Chamberlain's victory was decisive. He carried seventeen of the thirty-three counties in the State, and these seventeen counties elected a large majority of the Legislature. Of the ninety members in the Legislature fifty-two are under specific pledge to vote for the candidate receiving a majority of the popular vote. Judge Cake, Chamberlain's Republican opponent, gave his unqualified endorsement to Statement No. 1, and hence is in honor bound to refrain from any effort to nullify the will of the people as expressed at the polls.

But if the Legislature should break its pledge, what Republican could it with propriety elect? Not Senator Fulton, for he was defeated by Judge Cake in the Republican primary and did not figure as a candidate in the general election. How can Judge Cake ask for an election after being beaten at the polls by a decisive majority after pledging himself in advance to respect the popular choice?

It is true that the election laws of Oregon are an attempted abridgement of the constitutional powers and prerogatives of the Legislature, but if candidates for that body go before the people pledging themselves to respect those laws and abide by their operation they have no moral right to repudiate their pledges and claim a constitutional function they have abdicated. Senator Fulton's proposition cannot be in accord with the canons of political honesty. The people of Oregon have done a very foolish and inconsistent thing, but their act of folly is hardly a valid excuse for a gross breach of faith.

Francis J. Heney appears to have reached his level. Exchanging blackguardism in the police court with Abe Ruef is congenial to his tastes and talents and entirely in accord with his conceptions of legal ethics and practice.

COL. TRUMBO IS
SUED FOR DIVORCESays He Is Surprised, as He Had
Sent Wife Large Sums and
Wanted Her to Return.

SAN FRANCISCO, June 9.—Colonel Isaac Trumbo, well known as a politician and art connoisseur, has been sued for divorce. Mrs. Trumbo, formerly Miss Mary Shaughnessy, has been away from the Trumbo home, 1533 Sutter street, for fifteen months, and yesterday her suit for divorce was begun in the District Court in Utah. She says he is worth \$50,000, and she demands a share of this sum. She charges that he has failed to provide for her, though he says he has sent her large sums of money.

When Colonel Trumbo was interviewed on the subject he expressed surprise, declaring that such action on his wife's part had been the farthest from his thoughts.

Denies Happiness Clouded.

He said that ever since his marriage in the fall of 1900 he and his wife had enjoyed perfect happiness, and he denied that one real cloud had floated over their union.

He said that the shock to his wife's nerves after the disaster of April, 1906, had rendered it necessary for her to take a trip, and consequently she had been sent for a six weeks' stay in New York with her own relatives. He says that the understanding was that she should return at the expiration of that time.

Took Trip to Paris.

But, says Colonel Trumbo, his wife was not satisfied, and, to humor her, he sent her the money and permission to take a trip to Paris. This, says Trumbo, still proved insufficient, and she was allowed to travel in Mexico and Utah. He says that he denied her nothing and indulged her every whim, although the fire left him seriously crippled financially.

Message to Come Home.

He says the first impatient word which he had ever given her came on Sunday last, when he telegraphed her a message at Salt Lake City to "come back home without any more foolishness."

Even this, says Trumbo, had no real bitterness in it, because he had been preparing for weeks for her return to him.

Expects Reconciliation.

Although distressed at her action in filing the suit, Trumbo could find no words to upbraid his wife. He repeated that she "was the best of girls" and he should always stand by her. He gave her the opinion that the suit would soon be withdrawn, as he doubted that his wife would be able to find any real quarrel with him.

WIDOW MAY SELL
A PROMISSORY NOTE

Superior Judge Waste has granted Mrs. Katherine Titus, widow of the late John A. Titus, who was slain by Robert E. Curtin, permission to sell the promissory note for \$250, which is a part of her late husband's estate. The note was executed by J. E. Davidson on October 6, 1907, shortly after the killing, and was certified to by Mrs. Titus, who is administratrix of her late husband's estate, to furnish an additional bond of \$250.

Robert Curtin is now serving a life sentence in San Quentin for killing Titus.

SISTER TESTIFIES IN
THE COWARD CASE

Just after the case had been closed this morning, Mrs. Clara Cheney, sister of Mrs. Coward, took the witness stand and testified that her sister had always borne a good reputation and had a good character and that she believed Mrs. Coward should retain the custody of her two children.

GIVEN DIVORCE FROM
HER CRUEL HUSBAND

Mrs. Lillian L. Stanley has been granted an interlocutory decree of divorce from George W. Stanley by Superior Judge Melvin M. Stanley. She charged that her husband struck her and abused her to such an extent that she could stand it no longer. The minor child of the couple, Virginia Stanley, was awarded to the custody of the mother.

GETS CLEAR TITLE
TO BERKELEY HOME

Superior Judge Melvin this afternoon awarded a decision to Mrs. Nellie Tweedle against P. O. Gray, who she sued for \$2250 and clear title to property in Berkeley. Mrs. Tweedle claimed that she gave Gray \$2250 to apply on a mortgage on her home, which claim to determine if an operation paid and she sued Gray for the \$2250 and a clear title for the property.

EXPERT TESTIMONY IN
COLE WILL CONTEST

Expert testimony was given today in the Cole will contest by Drs. C. A. Dukes and L. F. Herrelek, and both stated that in their opinion the late C. H. Cole, who will is now being contested by his widow, Mrs. Mary Cole, was of sound mind. Mrs. Cole alleges that her husband was deranged at the time he drew up the will, leaving her none of his estate.

Seriously ill.—The wife of Deputy County Assessor Francis M. Shay was seriously ill at the Shay family home. A consultation of physicians was held today to determine if an operation was unavoidable. Mr. and Mrs. Shay were married about one year ago and until Sunday the young wife had experienced the best of health.

MISS ETHEL ROOSEVELT,
WHO WILL BE A BRIDES-
MAID.FORTUNE SMILES;
SWEETHEARTS WEDYoung Woman Inherits \$275,000
and at Once Becomes Bride
of Man of Her Heart.

SAN FRANCISCO, June 9.—Miss Eldon Hall, a clerk in a department store, married the man of her choice, a fellow clerk, twenty-four hours after she fell heir to \$275,000. Both have resigned their positions in the store and are living in elegantly furnished apartments. They are enjoying their automobile and the theaters and will depart for the East in a short time.

Miss Hall, now Mrs. William Byron McKnight, was selling ribbons when two New York lawyers visited the store and made inquiry of the floor walker, who at once pointed out the young woman for whom they were seeking. They knew all about her, having obtained her photograph from relatives in the East, but she had not heard of her impending good fortune. She knew that her grandmother was a sister of P. T. Barnum, the great circus man, but she did not know that her grandmother received \$250,000 from the Barnum estate, which, with \$25,000 additional for interest, had now been passed to her as her grandmother's sole heir.

McKnight and his bride had been engaged for some time and he was working and planning to buy a little home.

"You were going to share all you had with me; now you shall share with me all that my good fortune brings," said the young woman, and the wedding took place yesterday.

DIES ON WAY TO
CITY HOSPITAL

(Special to The Tribune.)

SAN FRANCISCO, June 9.—Despondent because of lack of work and the fact that his sister, with whom he had been living for a long time, was about to depart for the East, John McCormick, 16 years old, is supposed to have turned on the gas in his room at 210 Lexington avenue, and laid down to die.

He was found this morning by Police-man Jackson, who lives upstairs, and who, detecting the odor of gas, climbed down the fire escape and discovered the man still breathing. He was rushed to the central emergency hospital, but died on the way.

McCormick was formerly a shoemaker in the employ of Buckingham & Hecht. His sister, Mrs. Burton, is the wife of Professor Burton, the well known animal trainer of the vaudeville stage and she is about to join him in New York.

WIFE AND HUSBAND
ALLEGED CRUELTY

This afternoon at 3 o'clock the divorce suit of Mrs. Anna C. Taylor against Bernard P. Taylor opened before Superior Judge Ogden. Mrs. Taylor charges extreme cruelty and her husband, in a now-complaint, asks for a divorce on the same ground. The couple were married in 1905 and have one child.

Mrs. Taylor claims that her husband beat her when they resided at 300 Alister street, San Francisco, as well as when they lived at 466 Twenty-fourth street in this city. She alleges that her husband often accused her of infidelity and that many times at night he would arise about 1 o'clock, after having retired for the night, would leave the house and would not return until the next morning.

Taylor was recently arrested on a charge of having attempted to kill his father-in-law, at whom he fired three shots.

THROWN FROM BUGGY
WHEN HORSE RUNS AWAY

O. F. Bloss, a coffee and tea merchant, residing at 784 Thirty-fourth street, was thrown from his buggy this afternoon and sustained a severe shock. Bloss' horse ran away and he was thrown from the buggy. He was taken to the Receiving Hospital, where it was found that he was not seriously injured, and had only sustained a shock as the result of his fall.

REFERRING TO THE RIB.
A boy was holding a lighted candle for his master, a plumber, who was engaged upon some repairs on a water-pipe in a dwelling-house.

The boy, being a little careless, put the candle too near his master's head, and up went his hair in a blaze. The master turned round in a rage, and after a fleeting punishment upon his apprentice said:

"Were you a horseman?"

MATRIMONIAL CAREER
WITH FOUR WIVES
Ends Up in Jail

PITTSBURG—The wives of Fred J. Watson can find him at Pittsburgh central police station. Watson was arrested for an exciting chase.

Watson's career with women began a year ago at Buffalo. He married Miss Katie Connors. They moved to Toronto and there in September of last year Watson was introduced to Miss Agnes Mullen. Agnes was playing at a Toronto theater.

Watson loved a revolver at wife No. 1 and fled with Agnes to Detroit where they were married.

In January wife No. 1 followed Watson to Detroit. There No. 1 and No. 2 came together at a police station in a hair-pulling match. No. 3 arrived from Windsor at this juncture and blamed Watson and then he fled with No. 4 to Cleveland. At his latest wife Watson came here a week ago.

Mental Aberration
ON INCREASE WHERE
WOMEN VOTE

LONDON—The Lancet hands out to the British suffragette a terribly warning by the Finnish doctor Cranholm who asserts that there is a certain connection between the vote for women movement and the frequency of mental diseases.

Dr. Cranholm has been carefully investigating in Finland where women both vote for members of and are eligible to serve in the Parliament and he has come to the conclusion that domestic life has become unfavorable for the normal development of the young of both sexes the result of being a marked increase in mental aberration in the municipality of Vammoe where the doctor asserts he is able to exclude any common causes of mental disease and where very emancipated views are held by the female population and particularly by the female teachers.

He speedily noticed that the number of lunatics increased from twenty-nine in 1900 to sixty-seven in 1906. The population had increased in that period from 11,888 to 12,137.

Divorcee Gets \$250 a Month
If She Avoids the Man Who
Caused Wreck of Her Home

CHICAGO—Following Judge M. E. Secore severing the marital ties of James F. Steplina and Anna M. Steplina, the wronged husband instructed a law partner to draw up an agreement which will prevent the marriage of Mrs. Steplina to Frank Wenter, the disgraced politician who wrecked her home.

This remarkable paper will be signed by Mrs. Steplina's home on her signature, but there is no doubt about her signing it according to the attorney who has promised her husband's attorney over the telephone that she would do so. By the contract Steplina will pay Mrs. Steplina a monthly allowance of \$250 a month as she keeps away from Wenter.

The agreement is to become valid on the event of her being seen with the man whom Steplina despises. And the attorney of the latter says it will be well for Wenter to keep out of his way. The testimony shows that Wenter is to be seen on one occasion when Steplina is proached and Steplina's feeling toward him today is far more bitter.

Steplina still thinks well enough of the woman to keep her from work, but she says she shall not receive another penny

of his money unless she ends all relations with Wenter. Mrs. Steplina, too, is disgusted with Wenter. She remembers how she was coaxed by him into believing that she was the only woman he loved. She only to have her dream shattered by Mrs. Wenter's divorce suit in which it was proved that Wenter also lavished his affections upon a certain Bell Meyer.

This is the principal reason for Mrs. Steplina's declaration of hatred toward Wenter, though Wenter's friends point out that she is a young, clever woman and says she no longer cares for him because he has given most of his property to his wife and children and has no occupation and is no longer a power in politics.

Steplina was asked "What if any statement has your wife made to you regarding her affection for Wenter?"

She told me that she loved him and she proposed to marry him if he ever was free and if she ever was free.

Mrs. Steplina's confession was made at the office of her husband's attorney. In it the woman admits she was at the Cottingham avenue flat on the occasion mentioned in Steplina's testimony. Meeting with Wenter in the old Brunswick hotel Lincoln are dead, and an en-

counted with the husband. "I am surprised the two in his own home two years ago," he admitted. On that occasion Steplina entered the rear door and found Wenter in his shirt-sleeves. "The wife said she was in the night but every day had her favorite blue for a lovely dress of the palest rose red net made in classic style and embroidered in long lines of diamonds and pearls. She also wore her glorious rope pearls and a high tiara."

LONDON, June 6.—Seven American women were presented at the cent countess de D'Almeida, one of the most popular Americans in London, wore white satin and Mrs. Lulu Harcourt, J. P. Morgan's niece, was attired in a black tulle with many diamonds.

The Duchess of Roxburgh described her favorite blue for a lovely dress of the palest rose red net made in classic style and embroidered in long lines of diamonds and pearls. She also wore her glorious rope pearls and a high tiara.

Lady Willoughby de Broke, who is one of the leading American-born belles in London was particularly beautiful in white. Her sister Lady Alastair Innes Ker, also wore white dia-

mond. Their mother Mrs. H. V. Hill was also at the ball wearing a rich gray satin thickly worked with pearls.

Lady Dufferin, the daughter of John D. Davis of New York, wore white satin with a long diamond necklace and a pair of large blue tulle which gave an effective note to the dress. The sleeves were caught up by diamond ornaments.

Every one admired Lady Paget's (nee Stevens) dress, which was of soft shades of blended blue and pink mauve, the underdrum being a princess robe of pale blue satin while the chiffons which veiled it were worked in with trailing sprays of embossed orchids.

It touched the conduct of the lady that she was a victim of a mistake. Think that Mrs. Thomas might prefer to be a woman who would accept an unusual attention and took her meals unostentatiously with the other travelers. However those of her fellow-passengers who had already left the train carried away the erroneous idea that she was the blonde woman and the reputation of Admiral Thomas' better half has unfortunately and unwarrantably suffered in some portions of the public mind.

VIENNA—The Viennese Anton Hausman who in consequence of a bet started for September 12, 1900 to make a tour of the world pushing a light cart containing his wife and child, and returned to Vienna having completed his task.

During his seven years' wanderings Hausman traveled 120,000 miles his day average being twelve miles. His equipment which comprised a tent and cooking utensils weighed 400 pounds. During his tour he wore out 104 pairs of shoes and took 18,000 photographs.

With Wife in Cart; Wins Bet, but Loses Her

He traversed Europe, America, Australia and China and got into trouble during the Russo-Japanese war narrowly escaping being shot as a spy. The excitement caused by this incident caused his wife to suffer from a nervous attack, which finally resulted last year in her death.

Hausman's most trying time was in Arizona where he saw no house for six days and had no water for four. He returned in good health but owing to the death of his wife he receives only \$5000.

DUCHESS OF IFE EMULATES
ETHEL ROOSEVELT
IN DRIVING RAILROAD LOCOMOTIVE

Approximately the fact that Mrs. Elsie Roosevelt recently boarded the locomotive of an American express and drove it at the rate of 15 miles an hour is interesting to call to mind the Duchess of Devonshire who in 1891 drove a locomotive in England while not long ago she was the Duke of Devonshire's wife. The Duke of Devonshire has also had previous experience in running a locomotive in England while not long ago she was the Duke of Devonshire's wife. The Duke of Devonshire has also had previous experience in running a locomotive in England while not long ago she was the Duke of Devonshire's wife.

NEW YORK June 8.—By manipulating the heart of a woman patient after it had ceased to beat, Dr. J. Sherman Wight of Brooklyn brought back pulsation and the woman began to breathe again. Respiration continued for three days and had not pneumonia resulted from the uncoversing of the lung it is believed the patient would have recovered.

It was during an operation for cancer involving the removal of the entire lungs that Dr. Wight suddenly noticed that the woman had not only ceased to breathe but her heart had stopped beating. He pressed his fingers against the sack covering the heart and pressed it again and again.

Gradually the muscles began to expand and contract. Dr. Wight continued to manipulate the heart until the circulation was re-established and respiration was restored.

The doctors say he must leave, but he declares he will not do so without a hearing and it is possible that the case may come into court.

NATIVE CONGO GIRLS
Wear Wire Stockings

Many exaggerated and absurd forms of personal ornament still exist among the women of some tribes in Central Africa. One of the strangest of them is where a belt of the Maasai tribe is having her stockings adjusted.

These are not ordinary stockings of cotton or silk but are made of wire and round the leg from ankle to knee. The process of adjusting these ornaments is a long and tedious one usually requiring the services of two attendants. The coils may feel heavy and uncomfortable to the wearer but she evidently thinks they make her feet beautiful, otherwise she would not wear them.

Heavy metal collars often weigh as much as thirty pounds, and are worn by the native belles of the Congo. While in some parts of East Africa iron wire is often coiled round arms and legs until the greater part of the limbs are covered. Heavy coiled collars are also worn. Nor are these latter confined to Africa. The Peking women of Burma wear long neck ornaments of this nature, which tend to lengthen the neck to an abnormal extent.

**RICHARD J. JOSE
AT MACDONOUGH**

Popular Actor and Singer Pleases
the Audience at Local
Playhouse.

RICHARD JOSE.

Richard J. Jose, who is known as one of the leading high comedians of America, opened at the Macdonough Theater last night for a week's engagement in "Don't Tell My Wife."

Mr. Jose has a national reputation as a singer and has been a good dancer his card in Oakland. He has never before appeared in this city in character and as a result a great many people were anxious to see him. He could act as well as he could sing.

The people at the Macdonough last night were not disappointed in Jose or his company. The performance was well received and the audience that greeted the players at the end of the play was an indication that the people were well pleased with Jose and his company. The performance will be repeated all this week.

Willie Collier, the comedian, is booked to play at the Macdonough.

**COWARD HEARING IS
BEHIND CLOSED DOORS**

Contest Between Divorced Couple
for Custody of Children Is a
Bitter Fight.

The further hearing of the petition of H. C. Coward, the wealthy salt manufacturer, for the custody of his two children, was held this morning behind closed doors in Superior Judge Harris' court. A star witness of the court was held at the suggestion of Attorney White counsel for Mrs. E. M. Coward, the divorced wife of the petitioner, from whom her former husband is endeavoring to take their children. White stated that the testimony would be of such a nature that he deemed it best to have it heard behind closed doors.

Opposes Former Husband.
The hearing this morning was brief, starting at 9 o'clock. At 10 o'clock it was continued until next Thursday morning at 8 o'clock. When Mrs. Coward will be in the stand and tell her story. She is bitterly opposing the petition of her former husband, from whom she obtained a divorce last August. She claims that he is not a fit person to care for the children.

Attorney White recalled Samuel Cohn, one of Coward's witnesses. White questioned the witness closely and Cohn admitted that many of the statements concerning his relations with Mrs. Coward were not correct. He was placed on the stand for the purpose of impeachment. Cohn said that his allegations that he had been intimate with Mrs. Coward at certain times were not true, but that he had been intimate with her several months before the time he had stated.

Testimony Against Coward.
Paul Johnson testified that he had seen Coward in an intoxicated condition at certain times while he was a waiter at the Coward home.

Nellie Griffin, a domestic, testified on behalf of Coward and told of Mrs. Coward's conduct in her home.

Wilbur Walker and H. N. (Grand of the Merchants' Exchange) were called as witnesses and testified that they believed that Coward's character was good.

**TO CAMP BOYS
ON PROBATION**

Through Help of Catholic Aid
and Other Societies Vacation
for Waifs Is Secured.

JAMES GARFIELD BAYLEY

Ho for Vacaville and the summer camp! The Juvenile Court, under Judge Ogden, following the example of Denver, Salt Lake and Portland, is to do some preventive work this summer.

Following an address by Probation Officer James Garfield Bayley at the Home Club several weeks ago, Miss Ethel Moore and Miss Emily Williams of that organization and the Oakland Social Settlement took the suggestion to heart. The result was that the directors of the Oakland Social Settlement have contributed the salary of two expert summer camp workers to carry on three separate camps this summer. Each will include about twenty-five juvenile court boys and their friends. Only boys with good records from Probation Officer Bayley's care are no different from any other mother's sons, will be allowed to go.

The expense of the cooking apparatus, the sleeping bags, etc., is being met largely by the four branches of the Catholic Ladies Aid Society by Congregational churches in Oakland and Alameda, and by the Unitarian churches of Oakland, Alameda and Berkeley.

Through President Jordan of Stanford University, Mr. James Garfield Bayley has been named as manager of the camp. Bayley is a teacher of five years' experience and an expert in work with boys and in camping. He is one of the Australians at Stanford University, and formerly taught school in the waterfront of Berkeley. Lee Marlow of the San Jose Normal school has been chosen as assistant manager.

While the boys will not be charged for the use of the tents, cooking apparatus, etc., the undertaking is in no sense a charitable institution. The boys will pick fruit and berries for enough of the summer to earn the cost of the actual cost of food and railroad fare.

Probation Officer Bayley asks that any reader of this article who can lend or will give a tent to be used as store tent, or one about 12x30, communicate with him at once, at the Court House.

**Vexing
Glasses**

Some reading glasses vex their wearers. They make the print show clearly and render stitches and other objects plain to the eye, but do not permit clear vision of distant objects.

The Kryptok overcomes this difficulty, for in Kryptok Glasses the reader may read and sew yet see clearly down the street and over long distances at the same time.

The Kryptok has no pieces pasted on, no cement is used in its construction and no conspicuous cross-lines mar its appearance. Avoid imitations.

**LOCAL SCHOOLS
BAR PIEDMONT**

Conference to Be Held Tonight
to Settle Dispute Between
Two Cities.

There will be a conference, this evening, at the rooms of the Board of Education of this city between a committee of the board as also between a committee of the Piedmont board of trustees for the purpose of attempting to arrive at a settlement of the dispute which has arisen over the use of the schools of this city by the children of Piedmont.

There was no limitation in this use until Piedmont incorporated and formed a city government of its own. In the opinion of City Attorney McElroy, the act of incorporation made Piedmont a school district and rendered her children ineligible to the advantages of the schools of this city. Piedmont has now no schools of her own and her children, who have continued to attend the schools of this city have been notified that if they wish to attend the local schools, they will be compelled to pay tuition at the rate of fifty dollars a year. This order will not be put into effect until after the opening of the schools, after the forthcoming vacation which is to consist of seven weeks commencing Friday, June 19.

The people of Piedmont say that this order will occasion them a great deal of annoyance for the reason that

the tuition would be exorbitant, as also for the reason that they do not they built the school from which it is proposed to now drive their children. They realize that they must build schools of their own eventually, but they say that they are not in a position to do it immediately.

It is expected that, at the meeting tonight, that there will be some agreement reached which will be satisfactory to both municipalities.

EDWARDS-DAWSON.

The marriage of Miss Grace Dawson and Arthur Jordan Edwards was a pretty event of last evening and was celebrated at the home of the bride's mother in Seventeenth street. The ceremony was performed by the Rev. George W. White, pastor of the First Methodist Church of Berkeley.

The bride's only attendant was her little niece, Miss Dorothy Dawson who acted as flower girl.

Paul Edwards attended his brother as best man.

The bride wore a wedding robe of white silk mesaline, elaborated in an imported fluted lace. The bride veil was caught with a spray of natural orange blossoms. She carried a bouquet of bride's roses.

Oaklands of pink geraniums and ferns with masses of carnations and sweet peas, furnished the decorations.

After the service an informal reception was given in honor of Mr. and Mrs. Edwards before their departure on their honeymoon. They will return to Oakland for a few days before going to their new home in Minneapolis.

The bride is the daughter of Mrs. Dawson. She is a graduate of Mark Hopkins Institute of Art.

will take place this evening at the home of the bride's parents, Mr. and Mrs. W. Almond Gates of 2914 Grove street.

The ceremony will be performed by the Rev. William H. Scudder of Rio Vista, formerly pastor of the Park Congregational Church of Berkeley in the presence of one hundred guests.

Six friends of the bride-elect, will act as ushers at the wedding—Miss Walker, Pearl Laid, Susie Brown, Oeta Bass, Anna and Lena Wagner. Dr. Harry W. Lewis of San Francisco will be the best man, while Miss Gates will be attended by her sister, Florence as bride-maid, and Miss Phyllis Schlossenger as flower girl.

The wedding will be the culmination of a schoolyard romance begun when the bride was a member of the Berkeley High School and the groom a member of the class of 1908 of the University.

The groom is physical director of the Young Men's Athletic Association in Riverside, where the couple will make their home.

cer and Claude Standish Downing will take place next month at the Presbyterian Church at Palo Alto, and is of interest to the many friends of the couple in the bay cities. The exact date has not yet been announced, but the wedding will be one of the pretty events of July.

HOUSE PARTY.

Miss Esther Stevens will entertain a house party from Wednesday until Friday of this week at the home of her mother, Mrs. Julia Sanborn, in Berkeley. Miss Stevens is to have as her guests three fraternity sisters, Miss Dorothy MacPherson, Miss David French and Miss Laura Wickles. Miss Wells has just returned to California from a six months' trip to Australia and the East Indies. She is to leave soon for the East, where she will enter Barnard College.

BURGESS-WALKER.

The marriage of Miss Leona Burgess and Harry Howell Walker of Los Angeles. The wedding took place June 1 in Los Angeles. The couple has many friends in Berkeley and were recently the guests of Mr. and Mrs. Alfred Burgess in the college town. They will pass their honeymoon in the southern part of the State.

Mrs. Walker is the daughter of Mr. and Mrs. William Walker, a business man in Philadelphia and formerly of Berkeley. The family resided on Grove street there while the Misses Gortrud, Leona and Florence Burgess attended college.

The wedding was the culmination of a school romance at San Diego. Harry H. Walker is an electrician, having been for many years with the Edison Company of Los Angeles.

SOCIETY NOTES.

Miss Carolyn Falminter will entertain next Monday at a card party to be given at her home in Fourteenth street.

Mrs. Will Meek of Hayward will entertain the members of the Thursday Bridge Club tomorrow at their final meeting of the season.

Mr. and Mrs. Gregor Grant Fraser have taken a house in Berkeley for the summer.

Mr. and Mrs. W. D. Huntington spent the week end at Byron Springs. They have returned to their Piedmont home after a most delightful visit.

Mrs. Prentiss Selby is learning to run a machine herself. She has lately acquired a Maxwell runabout and has already acquired considerable skill in handling the automobile.

Miss Fay Chapman is planning to spend the summer months in Monterey. She is spending the week in Pacific Grove.

Mr. and Mrs. Frank Proctor are spending July in the Yosemite Valley, but will return for the Havana-Dismore wedding, when Mrs. Proctor will be maid of honor.

Mr. and Mrs. Frank L. Brown, with their daughter, Miss Katherine Brown, will spend the summer at their country home at Glen Ellen.

AT COUNTRY HOME.

Mrs. J. H. Mathews is planning to spend the summer months with her sister, Mrs. A. F. Holman, at her country home, "An Allon," in Brookdale, in the Santa Cruz mountains.

WILD ANIMALS AND MEDICINE.

A writer in the British Medical Journal thinks that an interesting essay might be written on the addition to medical remedies made by animals. It is said that it is to dogs we owe knowledge of the fever abating properties of bark, while to the hippopotamus is attributed the use of bleeding. "The story as told in Philomena Holland's translation of Pliny is as follows: 'The river-Horse has taught physicians one lesson. In that part of their profession called Surgery, for he finding himself over-grown and fat by reason of his high feeding so continually, gets forth of the water in the shors, having spied afore where the reeds and rushes have bin newly cut, and where he seeth the sharpest reed and best pointed, he sets his body hard on to it, to prickle a certain vein in one of his legs, and thus by letting himself blood maketh curation whereby his body otherwise inclined to diseases and maladies, is well eased of the superfluous humor, and having thus done, hee

THOSE TWINS AT THE BELL

ALMOST A MIRACLE

His Body Distorted and Racked With Rheumatism for Two Years, This Young Man Now Walks and Works.

For a generation Dr. Williams' Pink Pills have been curing rheumatism and other diseases caused by poor blood and during that time certain cures have been published that were so marvelous in their nature that they have been termed modern miracles. Such a cure was that of Charles Calhoun Jr., now living at Capron, N. Y., and employed in a mill there. The facts in the case are widely known in the neighborhood in which Mr. Calhoun lives and the cure is regarded locally as nothing short of miraculous.

When the Calhoun family was living at Winfield, N. Y., some years ago the young man was taken sick. "Our family doctor pronounced it inflammatory rheumatism," says Mr. Calhoun, "and he attended me for about a year. For nine months I was confined to the bed and in such agony that I could not bear the weight of the sheets nor to have anyone touch me. I could not move myself at all."

"The rheumatism was complicated with a nervous trouble resembling St. Vitus' dance, my limbs and head jerked and I suffered at all times the most excruciating pains. I was applied to by my knees until they left scars but I could not feel them. My fingers began to draw out of shape and at last the doctor told me that he could do nothing more for me."

"At this time Dr. Williams' Pink Pills were recommended to me and I found relief in the first box. After taking three boxes I could walk. I continued to take them steadily until I was cured. That was in 1885. I have worked every day for years now and am entirely well and have no trace of my old trouble whatever."

Our free pamphlet, "Diseases of the Blood," gives further information about the treatment of rheumatism.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

NO HUMBUG.

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that one bottle of Foley's Honey and Tar are used than of any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Sold by all druggists.

"SPECIAL NOTIFICATION"

A Tremendous Sacrifice Sale THE PUBLIC BENEFITS

THE public of Oakland, Alameda County and vicinity will benefit greatly by the E. G. Arps Furniture Company's big

purchase of a number of manufacturers' surplus furniture and carpet stocks, \$85,000 in all, consisting of furniture of every description, carpets, rugs, curtains, stoves and household goods. The E. G. Arps Furniture Company of Oakland, California, secured eleven carloads of manufacturers' surplus stocks at an unheard of low figure, ON ACCOUNT OF THE RECENT CONDITION OF THE MONEY MARKET, THE MANUFACTURERS HAD TO SELL, and the E. G. Arps Furniture Company obtained the stocks at practically their own price. The E. G. Arps Furniture Co. say that they propose to give the people of Oakland, Alameda county and vicinity the benefit of their great purchase of manufacturers' surplus stocks, by giving the people the most stupendous and most remarkable fifteen-day sale on furniture, carpets, rugs, curtains, household goods, etc., that was ever given in the State of California. The entire stocks, direct from the manufacturers, will be sold at such ridiculously low prices that the public will be amazed. This fifteen-day sale will be, without question of a doubt, the biggest bargain feast and sale of furniture that was ever given on the coast at any time before, or that will ever occur here again. Commercial circles will be astounded at the tremendous bargains offered. It will be a bargain earthquake of low prices on good quality furniture, carpets, rugs, etc., that will arouse the people of Oakland, Alameda county and vicinity from center to circumference. It took great nerve and a big outlay of ready cash to buy this large surplus of manufacturers' stocks for a city the size of Oakland, for, as a rule, these great snaps are usually gobbled up by the largest stores in New York, Philadelphia and Chicago, but the E. G. Arps Furniture Company says there is nothing too good for the people of Oakland, Alameda county and vicinity, and they propose to give the public a stupendous fifteen-day sale on the above stocks that will be the talk of the entire State and surrounding country for the next ten years to come. It will be a premier effort in value giving on furniture such as the public will long remember, as never heretofore have our people been able to buy furniture of every description, carpets, rugs and house furnishings at less than actual wholesale cost of manufacture. The E. G. Arps Furniture store is now closed in order to get these great

WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says: "I was troubled for a long time with dreadful backaches and leg pain on my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it. After taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ailments and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

TO PREVENT WASTE OF PUBLIC FUNDS

Councilman Everhart Favors the Passage of a So-called One-Twelfth Act.

Councilman Harold Everhart last night introduced into the city council an ordinance regulating the expenditures of the various city departments and prescribing the duties of the auditor, in appropriating funds to these departments. The proposed measure provides that when money is appropriated for a department that one-twelfth of this amount must be appropriated for this month of the fiscal year, and no excess demands on this amount can be allowed by the auditor, except in emergency cases.

Emergency Cases.

In emergency cases the department may incur indebtedness and the auditor may allow the demands, for a sum exceeding the monthly appropriation, but not more than ten per cent of the excess to be deducted from the succeeding month. The demands for the succeeding month, however, must not exceed the appropriation for that month, and the auditor must not allow the excess of the excess of the previous month.

The provisions of this proposed ordinance will not apply when specific work, improvements, apparatus or appliances have been ordered by the council and particular appropriations are referred to committee.

The proposed measure was referred to the auditing and finance committee.

Another proposed ordinance introduced by Councilman Everhart, which would regulate the city finances, provides that the auditor shall, when money has been appropriated for a specific purpose, place upon the appropriate books of his office, to the credit of said fund, the money so appropriated.

The proposed measure also provides that no money shall be expended for any purpose other than that for which it was appropriated, by ordinance or resolution, unless there is in the city treasury sufficient money not otherwise appropriated.

The proposed ordinance was also referred to the auditing and finance committee.

Purpose of Ordinance.

Councilman Everhart said, in relation to the proposed ordinance he introduced: "If these measures are passed, it will mean the preservation of the public funds. It will prevent the transferring of money from one fund to another and will prevent the using of money from some funds to meet the demands of other funds."

Want Sidewalks Finished.

S. W. Marks, secretary of the People's Water Company, sent a letter to the city council last night, in which he stated that work is being rushed in improving the company's system in the vicinity of East Twenty-seventh street, between Thirteenth and Fourteenth avenues. Residents in the district were present at the meeting last night and stated that the service in their district had been greatly improved.

Several of the residents had asked the council to look into the matter of the water service in their district. Marks explained that the company had been compelled to put in a temporary service while East Twenty-seventh street was being graded and as the grading has now been completed, the company is improving its system in the district.

Hugo Lilienthal Seeks Privilege of Holding Horticultural Meetings in Park.

The Board of Public Works will be petitioned at its next meeting tomorrow by H. J. Lilienthal, the German landscape gardener, for the privilege of using Adams Park and conservatory for free lectures and practical demonstrations in horticulture. The public on Sundays between 10 and 12 a. m. Lilienthal is the ex-officio and ex-publio horticultural lecturer on this coast, and the founder of the Juvenile Horticultural Society. He wishes to inaugurate the same system as France has by allowing lectures to the public on horticulture, and believes that the cultural and horticultural interests of this country would be greatly benefited and that the progress on this subject would be hastened if the United States government would take up this work of public education all over the world.

The German consul, Mr. Rapp, is taking a deep interest in Lilienthal's work with the Juvenile Horticultural Society, and will assist him in his horticultural work. Lilienthal has been given complete horticultural reports compiled by the German government.

IDEAL FREIGHT CARS SHOW DECREASE IN MAY

NEW YORK, June 9.—A decrease of over 22,000 in the number of ideal freight cars during the latter half of May is shown in the freight report of the American Railway Association, just issued, but dated May 27. On that date there were 351,779 ideal freight cars against 374,475 on May 25, the date of the previous report. This makes the decrease the previous report having shown a reduction of about 900 cars from the maximum of 413,838 reached on April 29.

BEEF EATING IN NEW YORK HAS FALLEN OFF

NEW YORK, June 9.—With the prevailing advance in the prices of beef products ascribed by the packers to cut shortages at slaughtering centers, the consumption of this meat in New York City is said by wholesalers and retailers to have fallen from 25 to 30 per cent below the normal decrease. High prices exceeding the maximum of recent years have been the dominant factor contributing to this result, it is admitted.

KANGAROO COURT WILL BE FOR FUN

Relief Fund Benefit at Idora Park Promises to Be a Delightful Event.

Preparations are well under way for the benefit to be given by the relief fund at Idora Park July 15 for the fund of the Widows' and Orphans' Relief Association. The entertainment committee is now in search of talent, and already has a large list of attractions, many of them being kept a secret, so that they will prove surprises to those who attend. Each member of the department has been given a number of tickets for the benefit, and the proceeds of the afternoon and evening performances, the tickets being sold at fifty cents each. They are being bought rapidly and crowded houses are assured.

A souvenir book of fifty pages is being prepared by the program committee. All of the available advertising space is being taken by local business men. A large photograph of the police force and commissioners taken at the annual inspection and review two weeks ago will be reproduced on one of the pages of the book which will be a work of art.

The police have sent out the information that the kangaroo court will not be run for the purpose of revenue alone, but for amusement. It having been decided that fines will range from five cents up to and not to exceed twenty-five cents. In consequence those who had looked forward with dread to this feature of the day need no longer fear arrest.

FAMOUS TRIPLETS OBSERVE BIRTHDAY

Sixty-fourth Anniversary of Advent on Earth Celebrated Today at Fon Du Lac.

FOND DU LAC, Wis., June 9.—The famous Windecker triplets, who claim to have held the record for some years as the oldest in the world, will celebrate today what seems likely to be the last birthday with all three of them present.

For sixty-four years the triplets, Sidney Windecker of Byron, and Mrs. George M. Pier of Wausau, have been together on their joint birthday. Sylvester Windecker is ill of a malady which may prove fatal before another anniversary.

The Windeckers were born in Louisville, N. Y., on June 9, 1851.

BERGER IS HAVING SOME TROUBLE SIGNING WHITNEY

Promoter Is Now Having a Hard Time Staging Short-Distance Contests; Thomas and Willis May Meet.

BY EDDIE SMITH.

Sam Berger is allowing the time for his promoting of a boxing show this month to get short without the mentioning of his card. In this Sam is following in the footsteps of his fellow members of the new trust and if he is not careful he will find that it will not pay. To make a boxing pay it must be properly advertised and at the present time Sam is apparently as far from a card as he was a week ago and to promote the show on his original date he has only ten or eleven days to go.

The hardscrabble has the signature of Jimmy Gardner for a contest with any one that he can secure and with such an agreement it was thought Sam would find it easy to sign Kyle Whitney, the dark skinned fighter, for the contest.

Whitney is not found as easy to sign as was expected, however, and the match may fall by the wayside. It is said that this failure of the promoter to get the black man is due to the fact that he is tied up with too many different managers, of which it is next to impossible to select the right one.

For the interest of the black boy some one or two of them should step down and allow him to fight for in the Gardner contest he will have a good chance to make a record for himself. Gardner has a reputation throughout the East and if Whitney is able to win from the white boy, in any kind of clean cut style, he should find it easy to get a chance to show himself in the Eastern cities, where boxing is becoming popular.

Promoter Sam announces that he has Jimmy Walsh as well as signed and that they will surely be one of the fifteen round contests that he will stage.

This contest will prove a good drawing card and a good contest. Carroll is one of the most popular of the old four rounders who has taken up the long distance fighting and any time he starts he is bound to have the public. His last contest with Monte Attell, when he went fifteen rounds to a draw with the Hebrew fighter, proved that he had a great deal more stamina than he was given credit for and a contest with a slashing fighter like Walsh would settle for all time just how good Carroll will be.

Walsh has won from the great majority of the men he has met and has been considered for some time, one

of the best bantam weights we have. He has had seventy-one contests and has lost in that number of stands just five times, a record that stamps him a very good boy.

If Sam is successful in landing Gardner and Whitney, Carroll and Walsh and a few good preliminaries or even one good six round contest it would make a good attraction and at such prices as \$1.50 and \$3.00 it is hardly possible that the management would come out on the short end of the game.

Willis and Thomas.

If Joe Willis is not matched with Al Neil at Vallejo it is just possible that he will be signed for a contest with Joe Thomas for a twenty round battle to be held on the evening of July 3 at Chico. Thomas and Willis would make a great fight as each man has a slinging punch and is fairly clever.

Willis has been after a match with Al Neil for some time but things have gone bad with the big blacksmith and he is not in a condition to accept any matches at the present time. Willis met Attell some time ago and went twenty rounds to a draw with the clever veteran in a terrific battle. For that contest Willis was compelled to make a weight that forbade his doing his best, but at that he made a great fight.

Neil and Thomas put up two good fights and judging from these fights a contest between Willis and Thomas would prove a good one. The Chicago people are very much enthused over the prospects of having a big fight at their town on the third and if a good contest can be signed the people will give it the proper backing that it deserves.

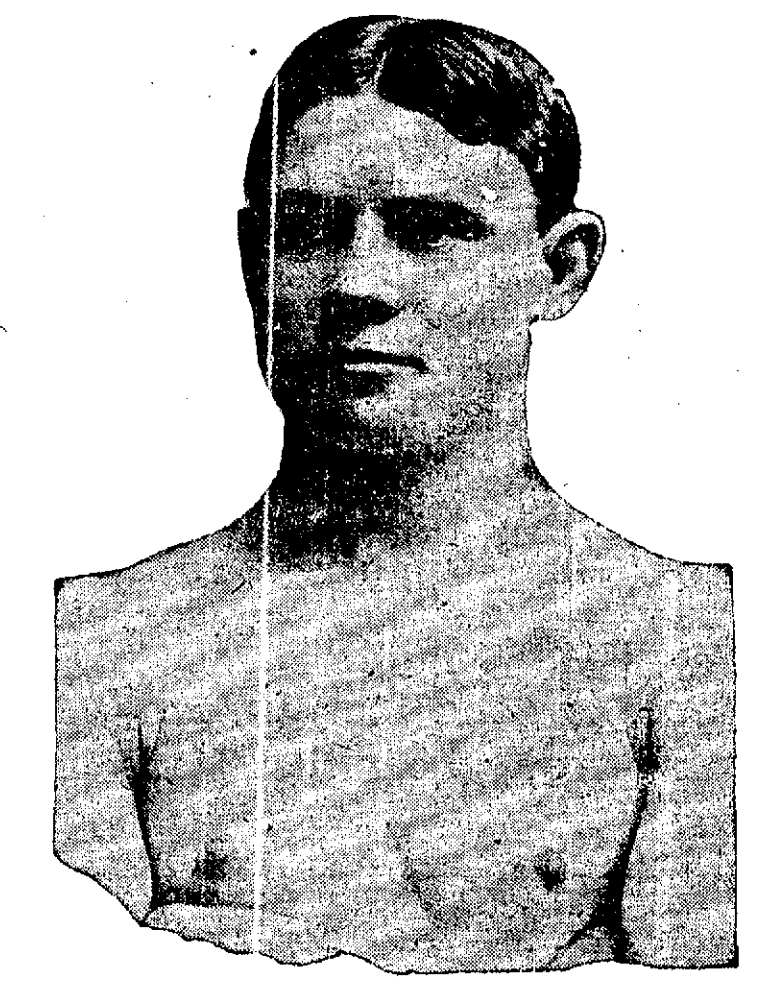

King Makes Discovery.

Alvin King the well-known sporting man and referee has turned up at Calgary, Canada, where he is of the opinion that he has discovered a great fighter at the light weight limit. King has been in the boxing game so many years and has been associated with Joe Gunn, the master of them all, so he is not likely to be wrong in his opinion that a certain fighter is of some account his opinion must be respected.

Harry Lombard is the new fighter's name and he claims to be the champion of Canada which is claimed by him to be a great deal more than he was given credit for and a contest with a slashing fighter like Walsh would settle for all time just how good Lombard will be.

Walsh has won from the great majority of the men he has met and has been considered for some time, one

JOE THOMAS, WILLIS BRITT'S NEW FIGHTER, WHO MAY MEET JOE WILLIS AT CHICO JULY 4.

LORD LONSDALE'S OPINION OF 'SIDE-STEPPING' TOMMY BURNS

Mr. Lee, the gentleman who at one time had hopes of bringing off the meeting of Burns and Johnson on the ground of the Chelsea Football Club at Stamford Bridge, and asked Lord Lonsdale to support the project, received the following characteristic reply from his lordship:

"I do not at all approve of any arrangement being made giving Burns £5000. It is utterly absurd and contrary to the interests of boxing, and the fact of his adhering to these sums shows he is frightened to meet Johnson."

"If you give Burns percentages of gate money you must give Johnson also percentages of gate money."

"If Burns has any confidence in his skill he would be quite ready to meet Johnson on similar terms to best pugilists that have ever lived."

"General expression of opinion at Newmarket was to this effect—that he holding his fear of Johnson under a cloak of gold. Don't believe you would get the enormous crowd you imagine if once known he was going to get this sum."—The Sportsman, London.

Reliance Boxing Tomorrow Night

Three six-round contests: George Sullivan vs. Fred Cooley, Frank George vs. Red Cornett, Al Ennick vs. Harry Williams.

Three four-round contests: Kid Burns vs. Jimmy Rangan, Matt Ryan vs. Otto Frlich, Kid George vs. Guy Martin.

The above list of events is on the cards for tomorrow night's fun at the Reliance Club and it can be seen at a glance that the card is a very attractive one that will interest the fans who indulge in an evening with the knights of the padded fists.

Among the close followers of the short distance fighters the above list of matches will appear as a very even set of contests between the sort of fighters whose work generally has a pleasing effect on the crowd. The spectators who pay an admission to see this bunch of scraps will almost be guaranteed a few good battles that will be worth the money.

The wind-up event between the heavyweights will be a battle royal, and it may go on for five rounds, and it may go on only one round. No one can tell when a battle between two such fighters as this pair will end, but it is the consensus of opinion that even if the contest is a short one the fans will get plenty of excitement out of it.

The semi-wind-up between Frank George and Red Cornett will be a battle royal, for Cornett has made up his mind to tear to George in the good old Bellingham style and try to wear his clever opponent down.

Al Ennick, with his two knock-outs in the Chelsea Football Club, will have a hard time of it with the hard-hitting Harry Williams and the three four-round contests look to be even matches.

HONEST CRITICISM OF PLAYERS HELPS GAME

Diamond Warriors Are Never Injured by Impersonal Rebukes of Their Misplays on the Field.

By T. P. MAGILLIGAN.

The writer has been taken somewhat to task for some of his views regarding baseball and particularly his views regarding the Oakland baseball club. It is still the dictum that we are willing to lay down and the light which our wayward typewriting feet are willing, we are eager to follow.

At times the Oakland Athletics, warriors bold, needed a taking up. Whether the duty were pleasant or not, it was a duty. For a time Oakland played a stern, tatterdemelon baseball, and no one, not even the players themselves, could doubt it. This was pointed out in these columns.

As to the uses of criticism as applied to ball players and ball clubs, the writer willingly admits that it can be abused, but honest criticism of bone-headed ball playing never injured player or game, as we know of.

On the contrary, it usually has a tonic and invigorating effect on ball players who have keener mental equipment than the merest pachyderm.

The fans and scribes can praise the ball players until Mars itself blushes, and these dainty diamond darlings will sit back and fan themselves while the hosts are being handed them wrapped up in glossed paper with their initials embossed on it. But let the same fan utter a derogatory opinion of team, player, manager, captain or water boy, and there is a howl set up from these dainty creatures that would make the howl of Rome seem like the gentlest zephyr.

But for all this protesting of ball players, wulphus-jawed adherents, water boys and brooms, we hold criticism to be the one best bet to make the players better.

Let it be said that after this paper called attention to the slack methods of the Oakland management there was a tightening of belts, a girding of loins and an improved sort of baseball.

When the management realized that there was a bit too much slackness in the effort of the Athletics an order was posted that all the players of the Oakland team must report for practice in the morning. The beneficial results were noted in the playing of the series with the Seals.

Ball-players are your sensitive, high-strung individuals. They would put to blush the most finicky opera star that ever trod before the footlights. If you say anything to them they will tell you that they have had a bad day. All right for the bad days. Fine. But if some of the players had fewer bad nights we might hear less of this foolish talk of bad days. It's the bad nights and not the bad days that has been hurting the Oakland ball team.

The management has taken the proper stand in ordering the boys to make a noise like earning their stipend. It was not only a necessary move, but a very good one.

Oakland opens a week's series with the Portland beavers on that busy team's own ballpark today, unless rain or other conditions over which the athletes have no control intervene. If the Oakland lads can do as good as hold their own in this series they will be entitled to much consideration for the Portland team is playing a wonderful game of ball right now.

One thing that may help the team somewhat is that the players have orders to take a little morning exercise to sort of loosen them up for the heavier work in hand during the afternoon. Practicing on the road is a sort of baseball experiment, but to the writer it looks like not a bad one.

Ball-players who train regularly on the spigot and hand rolled-cigarettes are not the sort who usually achieve much fame in their chosen profess.

Fruitvale Wins From Munro Nine

Fruitvale played a fast and exciting game with the J. A. Munro's of Oakland, and defeated them by the score of 12 to 8 at Fruitvale last Sunday. The features of the game were the batting of both Chomer and Jones, the daring base running of Zeph, having four stolen bases to his credit, and also the fielding of Curran, having nine chances without an error. A large crowd was in attendance. Below is the score:

Good Scores at Fresno Traps

FRESNO, June 9.—At the gun club shoot held here last Sunday Dick Reed of San Francisco showed the most skill, making a score of 191 out of a possible 200. A. C. Jones had the high average among the amateurs with a score of 188. Fred Hillot, a professional, made a score of 187. The day was spent in making good scores as there was not a single wind. The traps worked to perfection and fifty yard targets were thrown. The scores:

Fred Stone.....171
Dick Reed.....171
C. A. Haight.....167
W. A. Seaver.....163

Thisle Club To Hold Games

SAN FRANCISCO, June 9.—The Seattle Thisle Club secured a permit yesterday to hold athletic games in conjunction with their picnic on July 4. The athletic events are to be held at Shilohwood Park and the club will give valuable prizes to the winners. The events will consist of a 350 yard dash, half mile race, two mile race, football dribbling race, pole vault and relay race. The relay will be for teams of four men.

The Thisle Club's cup will be awarded to the team winning the relay race and a special medal will be awarded to the winner of the football dribbling contest. The latter event is expected to attract a number of crack forwards of the association game. A special cup will be awarded to the winner of the two mile race.

Forty Athletes Join the P. A. U.

SAN FRANCISCO, June 9.—At the meeting of the registration committee of the Pacific Athletic Union yesterday it was announced that the registration for the past week amounted to forty. Among the new registrations are fourteen grammar school boys, eight from the Occidental Club of Los Angeles, ten from the Olympic Club and six from the Dolphin Rowing and Swimming Club.

Coast Ladies to Form Kennel Club

SAN FRANCISCO, June 9.—The success of the ladies' kennel club of New York has stirred the lady dog fanciers of the coast to emulate their example and to form a similar organization to hold a bench show. The matter has been under consideration for some time and the following officers have been elected: Mrs. J. Auburn Wilborn, president; Mrs. Robert Wallace, first vice president; Mrs. I. C. Ackerman, second vice president; Mrs. B. F. Morgan, third vice president; Dr. Gerardo Sprague, secretary and treasurer; Mrs. George Nieborger, corresponding secretary.

There are many women of the coast who are much interested in blooded dogs and the chances are that they will give the new club a hearty thought to think over when they hold a show.

Petaluma Wins Another Game

PETALUMA, June 9.—The locals won their eighth straight victory Sunday by defeating the fast Bushnells by a score of 4 to 2. The visitors were lucky to score, as errors at home plate and third base were accountable for their defeat. The Petaluma team is playing big league ball this season and has not lost a game. On next Sunday the Gilliam Bucs return for their second game with the locals, as the first game was very unsatisfactory, owing to the objection of the visitors to decisions by the umpire.

Crockett Loses To Ashby Team

Crockett saw its pride team, the Cronas, lose their first game out of nine played against the Ashby team in a fast and snappy game Sunday at Crotona Park before a large and enthusiastic crowd.

Davis, the Ashby pitcher, had Crockett blanked until the seventh, when the bunching of a couple of errors by his team mates gave the home club a start.

Final score: Ashby 6, Crockett 4.

For games with Ashby address Orville D. Adams, 2129 Ashby avenue, Berkeley.

Yosemite Win the Ball Game

The Yosemite's of Oakland played San Rafael Sunday, June 7, and defeated the home club after a most exciting and interesting game, the result of which was a win for the Yosemite's. The last man was retired by a score of 8 to 7.

The Yosemite's were accompanied by a big brass band, which enlivened the occasion with the playing of all the popular tunes.

The feature of the game was the battery work of the Yosemite's and the timely hitting on either side. The battery of the Yosemite's was Peterson and McClelland. The Yosemite Club has played seven games this season and has been defeated in but one game and this by the Wilton's Club by the close score of 2 to 1.

The Yosemite's have a few open dates and would like to arrange dates with the best of the amateur teams of the coast. Address all communications to F. W. Westdahl, First and Myrtle streets, Oakland, Cal., care Enterprise Brewing Co.

ELMHURST, June 9.—Elmhurst beat the San Leandro ball team Sunday by the score of 1 to 0 in thirteen innings. The winning run was scored by Olivera who got a walk, moved up one bag on Arletti's single and scored later on Arletti's two bagger.

TURF

There is a promising half sister to Hercules being made ready for the Eastern jumping races. She is Harriet II, in Colonel Robert Neville's string.

Walter Miller, who was at all the races in New York last season, has not attracted much attention so far. He had his first mounts on Monday, but was hardly noticed by the crowd.

Palemon, 4-year-old bay colt by Sandringham-Queen d'Or, is suffering with a spread foot and probably will not face the barrier until the Seattle meeting is well under way.

The Mist, D. A. Ross' 6-year-old mare which has proven more than an ordinarily successful breadwinner during her career on the turf, is being galloped along after a temporary lay-off due to an injured foot.

The poor showing of Keep Moving in the Latonia is accounted for by the explanation that she had a wrenched back. Mose Goldblatt did not wish to start her, but was persuaded that the injury would not affect her running.

Vicente de Buisseret won the Belgian Derby on Sunday last by the aid of Succerie, which won by two lengths from Fitz-Ayre and Maroon, this pair running a dead heat for second place, with four others behind them.

W. H. Steele, who trains for M. Young, was for several years connected with the stable of A. Featherstone of this city, and when Julius Bauer, his trainer, bought the string, remained with it. He took charge of the Young stable last season.

Y., and located the Kirklevington Stud near Lexington, is visiting in the buccage region. Before his return East he will select the most likely horses for training. He has several which he expects to race on the Eastern turf as 2-year-olds next year.

Dave Johnson, after a long spell of misfortune, is in his stride again. At Belmont Park last Saturday, beginning the day with a \$5000 wager on Live Wire, which took the opening event. Grover Baker, who trains for E. Alvey, owner of Colonel Bob, is quoted as authority for the statement that the speedy colt may not race again for a year. A bad race at Louisville and a poor showing the next time out at Lexington, followed by decided lameness, is given as the reason.

Amateur Notes

The Maxwell Hardware Company defeated the C. O. Merchants in a fast game Sunday by the score of 4 to 2. The Maxwells won through fast and errorless playing and were in the game from start to finish. The Merchants owe their defeat to poor team work.

The feature of the game was the work of Murdock at second, who played the big league form, accepting at difficult chances in good shape and robbing his opponents of at least four base hits by his fast work.

The Maxwell's cross bats with the Farallones of San Francisco next Sunday and it should prove to be a good game, as both are very fast and snappy players.

The Western Union Company sent communication to the Council stating that it has no wires on Twenty-third avenue underground in East Oakland all along the right of way of the southern Pacific Company. The letter was referred to the street committee.

The Athens Realty Company petitioned the Council to have the laying of side wires between Hurst and Webster street between Hurston boulevard and Webster street, rushed to completion and the petition was referred to the street committee.

The Estery Construction Company was granted permission to improve Forest Avenue and Howell streets.

The Pacific Telephone and Telegraph Company sent word that it is rushing the work of placing the wires on Twenty-third avenue underground.

**RETRENCHMENT WILL
BE GENERAL ORDER**

Provided a financial prophecy made by

Councilman Pendleton, chairman of the auditing and finance committee, at the meeting said that the city might not come true, all of the city departments will suffer more or less and retrenchment will be necessary all year through 1933.

"The money available this year for municipal purposes will be \$100,000 less than last," said Councilman Pendleton.

Councilman Pendleton arrived at this conclusion after a careful examination of the city assessment rolls. It is alleged that the city assessment rolls for San Francisco business that moved to the other side of the bay, after the disaster of two years ago, is to be based on the revenue to be derived during the next fiscal year.

This exodus to San Francisco has caused the city to suffer a great deal with the result that the allowance for all of the city departments will have to suffer.

In the past few months has witnessed among other things, the closing of China

town to San Francisco and a great many large business concerns which moved

"All of the city departments will probably suffer, though I trust we will not be compelled to shut down any of them," said the fire department. "The other departments will feel the decrease. The reduction was to be expected by every one who thought a little bit ahead and needs not cause any great heart throes."

"The city of Oakland at the beginning of the last year worried over a deficit of \$70,000. This has now all been paid and the city is in the next year with a clean slate. This is the first time the city has been in such a position within my knowledge for the last six years."

Pre-Vacation SALE

"BY REQUEST"—most correctly tells of the inspiration for this big Pre-Vacation Sale. It has been our custom for years to hold an annual Clearance Sale in July, and there will be no exception this year. But during July thousands of our people are in the country and are unable to partake of the special offerings we make during that month. Many of our customers suggested to us that it would be very agreeable to them if we held our Clearance Sale before instead of during the vacation period. It is not expedient to do this, but in order that all may be accommodated we have inaugurated this most beneficial reduction sale.

OAKLAND.

"THE STORE OF LIFE AND PROGRESS"

THIS PRE-VACATION SALE extends to each of the twenty-four departments in the house. With the schools closing on June 19, special attention will be given during this sale to those lines of Ladies', Misses' and Children's apparel which may be distinctly classed as vacation needs. The page of details published today gives a clear inkling of what may be expected during each day until June 30. Remember that not all the good things will be put forward at first, and it will be to your interest to watch our daily announcements with much care.
